

+ Green Lane Clean Up

School participation agreement

School name: _____ Postal address: _____

Coordinator for liaison: _____ Phone and email: _____

Expected number of participants: _____ (students, parents, teachers)

Anticipated Clean Up dates: ___/___/2014 & ___/___/2014

Proposed Clean Up location: _____
(Green Cross can assist to identify site – must not be within the school grounds or a national park)

To facilitate Green Cross Australia (GCA) will:

- _____ Provide education resources with links to the National Curriculum
- _____ Support school to conduct Clean Up by providing a 'How to' guide
- _____ Provide school with Clean Up packs (including collection bags, gloves, data collection sheets)
- _____ Work in partnership with the school and relevant community groups wherever possible to provide expertise

To participate, school will:

- _____ Safely conduct two Clean Ups in the same location before Dec 2014
- _____ Give consent for GCA to use media and images that arise from the clean up in promotional materials and on the website
- _____ Keep track of the items that you find in each Clean Up using the provided data sheet and return this information back to GCA. If you are doing a beach or river clean up, you will provide the data for inclusion in the Australian Marine Debris Initiative database (details in the 'how to' guide).

Thank you for contributing to positive action in your community!

Legal obligations of the school

The school:

- _____ recognizes that all risk management associated with cleanup activities is the responsibility of the education facility; and
- _____ indemnifies GCA, Tangaroa Blue Foundation, the Australian Marine Debris Initiative, Keep Queensland Beautiful and any of their volunteers or coordinators/staff for any claims, costs, damage and expenses that may result from the education facility's failure to:
 - safely conduct the Clean Ups under this agreement; and
 - fulfill its risk management obligations.

Principal

Mara Bun, CEO, Green Cross Australia

Date: ___/___/___
